RESIDENT PROFILE

The sun shone brightly through the clouds on an otherwise rainy late April day in Brookline—just in time to kick off an awards luncheon held at Goddard House honoring **Dr. Angelo “Tony” Scordato**. A much-admired former faculty member of St. Pius X Preparatory Seminary in New York, our dear friend, Tony, was the guest of honor at this special event arranged by the

Alumni Association of Cathedral Preparatory School and Seminary. Tony was presented with the school's prestigious Immaculata Award, which is given each year to alumni and school supporters who possess the values and ideals of Cathedral Preparatory School.

Dr. Scordato received his doctorate and professional diploma from the University of Wyoming and earned both a bachelor's and master's from the State University of Albany. A professor emeritus of mathematics and computer science at Nassau Community College, he also taught at Queensborough Community College, SUNY Long Island Agricultural and Technical Institute at Farmingdale, and Adelphi University.

Affectionately known as “Doc” to his students, many alumni attribute their successes in college and beyond to Tony's mentoring and leadership. His former students fondly thanked him for sharing his knowledge, enthusiasm and, above all, his patience. Dr. Scordato was described as “someone fully dedicated to his vocational calling.”

Tony's friends at Goddard House agree that he is indeed a very special person with a great sense of compassion and humor. We are proud to call him friend and congratulate him on this well-deserved honor!

Goddard House Observes Pride Month

by Assistant Executive Director **Lance Chapman**

The staff of Goddard House is excited to be accredited as the very first LGBT Friendly Assisted Living community in Massachusetts. SAGECare, a national accreditation organization, oversees the training and workshops our organization went through to carry this important label. SAGECare recognized the work being put in place to ensure that Goddard House is a safe space for all. Being a senior living community that is committed to inclusivity, understanding, and pride in diversity gives us a special distinction. Being the first assisted living community to fly the Rainbow Pride Flag also gives us a special responsibility to be sure those who choose to make this their home experience a truly welcoming culture. To celebrate our new designation, and our pride in being the first assisted living community to make this commitment, we held a ceremonial flag raising on Friday, May 31st at the flagpole in front of Goddard House, where

The Goddard House Leadership Team engaged in training with SAGECare

we invited residents of Brookline and several local speakers. We are excited to be planning future events as well, starting with a celebratory summer barbecue on Saturday, June 15th with all the members of our OUT to Brunch group which we co-sponsor with ETHOS. We're culminating Pride Month on Thursday evening June 27th with a White Party in the garden here at Goddard House. Be sure to wear your best white and join the party! If you need white clothing, we will be taking several shopping trips for this purpose. 🏳️

Volunteer Appreciation

by EnrichedLIFE Director **Erica Curcio**

On April 29th we had a special event at Goddard House, one that we hope is the first of many. It was our Volunteer Appreciation Dinner! Eighteen volunteers attended, with another 15 volunteers who could not attend. Can you believe that we have almost 40 volunteers that give their time to Goddard House on a routine basis? Volunteers included clergy, petpals and resident group leaders!

The evening started with a wonderful cocktail hour with a live string duet. Volunteers mingled with managers and other volunteers until we headed to the library for dinner. Director of Dining Experience **Andrew Santalucia** made a fantastic Italian dinner

for everyone! All the volunteers were presented with gifts and certificates acknowledging their role in our community.

Volunteers are so special and we are beyond lucky to have the volunteers we do! They are all consistent and dedicated to being of service to our community. Thank you, volunteers! We so appreciate you!

ASSOCIATE PROFILE

Wellness Nurse Nicole Husdon has become a familiar face here at Goddard despite being part of our team for only two months. She is

always there to help residents and put smiles on their faces!

Nicole was born and raised in Dorchester and attended Quincy College. When asked why she decided to stay in Boston she responded that she is a huge Boston sports fan. Her favorite team is the New England Patriots and she never misses a game. In her free time she loves to travel, whether that be to Maine or even Miami for the weekend! She is also a big international traveler, having spent time in Amsterdam and Ireland. She also loves spending time with her friends and family.

One of Nicole’s favorite parts of working at Goddard is being able to create connections with the residents. She is often seen chatting and laughing with anyone that stops by the Nursing office.

Nicole, we are so lucky to have you here at Goddard! You are such a compassionate and intelligent nurse! Be sure to say hello to Nicole the next time you see her, and wish her a Happy Birthday on June 13th!
